We are looking forward to welcoming you here in the Woodland Workshop for a two hour spatula making course. These courses start at 10 am or at 2 pm. Please allow plenty of time and arrive early (from 9.30 or 1.30 onwards) for a cup of tea or coffee if you are not staying on site so as not to delay the start time for other participants.

Please wear **sturdy boots** - to avoid injury if a sharp tool is accidentally dropped.

You will have a dedicated tutor for you and up to three other participants.

The courses are designed to be fun and relaxing as well as informative. By the end of the day you will have a basic knowledge of how to use certain green woodworking tools along with specific techniques to put into action for creating in green wood. Whether you are an expert or a complete novice, don't panic! The course is designed for all levels of experience and ability, and a good time should be had by all.

Tea, coffee and refreshments are available throughout the day.

If you have to contact us on the morning of the course then please call Guy directly on 07976 245085.

Being outside in the woods is an integral part of the experience and we get many comments on how pleasant it is to spend a couple of days in such a magical environment. Should it rain or be cold you will stay dry under our parachute "ceilings" and warm in the working areas with log fires. The walk down to the clearing takes about five minutes and so, if the weather is cold or wet, please dress accordingly.

Please feel free to bring a camera, particularly if you would like to enter our annual photo competition to be in with a chance of winning a gift voucher.
